

# Autobag®

BRAND AUTOMATED SYSTEMS

## GeoTech® 50% Recycled Film

### BENEFITS

This Recycled Film is manufactured with a minimum of 50%<sup>1</sup> PCR (Post Consumer Recycled) content<sup>2</sup>, in line with SEE's 2025 Sustainability and Materials Pledge.

It is part of the GeoTech® family of films, which provides environmentally-responsible packaging solutions that reduce landfill waste.

Close to the composition of the standard GeoTech® film, the 50% recycled film ensures strength and durability while maintaining good clarity.

This material is available in clear and white. Other colours can be available with minimum order quantities.

### STORAGE

Store in a dry area, temperature should be between 10-30°C. Not to be stored in direct sunlight.

Recycle Ready<sup>3</sup>

LDPE 4 Plastic

### OPTIONAL FEATURES

- Air Relief Hole
  - Full
  - Perforated
  - Butterfly
- Easy Open Perforation
