2020 SUSTAINABILITY GOALS

OUR VISION: “To create a better way for life”

Reducing Our Footprint
- Reduce Energy Intensity by 25%
- Reduce Greenhouse Gases by 25%
- Reduce Water Intensity by 25%
- Divert 100% of waste from Landfills

Re-imagining Customer Solutions

Benefiting Society
- FOOD SECURITY
- HEALTHY ENVIRONMENTS
- RESOURCE CONSERVATION
- ENHANCING LIVES

100%
- Ethical Supply Chain
- Responsible Materials
- Sustainable Innovations
- Quantified Benefits

At Sealed Air we help our customers achieve their sustainability goals in the face of today’s biggest social and environmental challenges – while driving economic growth.

Given the nature of our business we are particularly focused on enhancing food security, creating healthy and clean environments, conserving natural resources, and bettering livelihoods in local communities.

Managing Waste
Enhance efficiencies of offices and manufacturing facilities

Climate change
Contribute to global solutions

Competition for energy
Stress on water supplies
